ENDLESS INSPIRATION FRAMELESS INNOVATION

Honeywell

Honeywell Elegant wiring devices

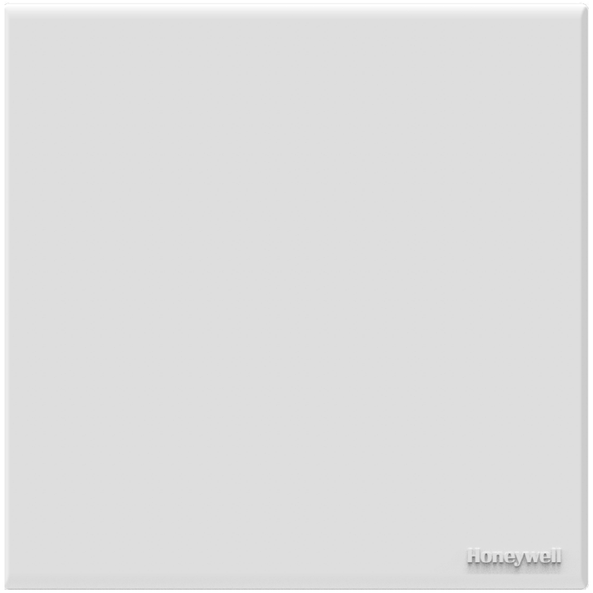

Our frameless range, seamlessly integrating efficiency and sophistication into every project. From concept to completion, we prioritize precision and elegance, ensuring your space reflects both functionality and beauty. We redefine the standard for swift installations without compromising on style. Welcome to a world where installation meets elegance, welcome to Honeywell Elegant Wiring Devices.

Large panel Frameless Design

EMBRACING THE INFINITE BORDERLESS

A seamless integration and minimalist appeal, revolutionizes both aesthetic and functionality of borderless design.

Borderless & Integrated One-piece Rocker

Thin Bezel - R1mm Radius

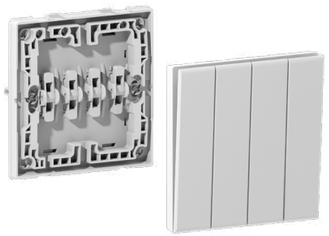

Perfect alignment between switches to switches to ensure aesthetic Integration to fit into any décor.

Soft Touch Operation Switches

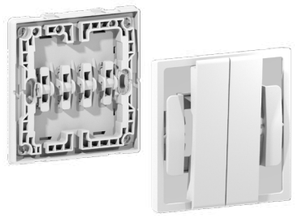

Designed to operate quietly for your maximum comfortability.

Engrave Marking

Quick Click Snap on up to 4 Gang Switches

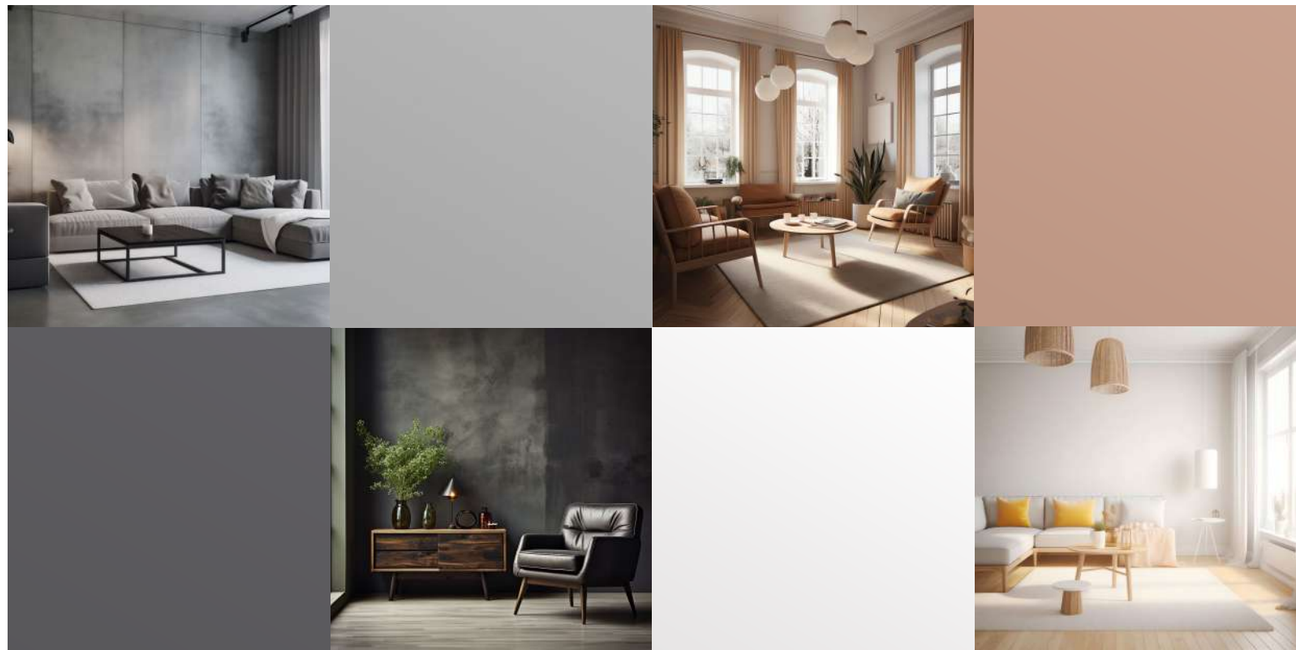

Rocker can remove individually for easy maintenance

Solid Rocker Clips

Ensure no compromise or breakages of the clips during installation and give no tolerance to rockers dropping.

The new Honeywell Elegant switches is the latest innovation that provides an impressive installation time saving of up to 45%.*

* *Tested by Honeywel ASEAN's EP warehouse*

UNVEILING THE CHARM OF MATTE PERFECTION

From furniture to fixtures, our matte surfaces offer a subtle yet striking aesthetic that adds depth and warmth to any space. It minimize glare and fingerprints, exuding a sense of tranquility and refinement. Elevate your design with the timeless appeal of matte finishes, where understated elegance meets lasting beauty

MATTE FINISH

ANTI GLARE

YOUR PROJECT IN EVERY STANDARD SOCKET

USER FRIENDLY AND SAFE

From fast installation to seamless safety

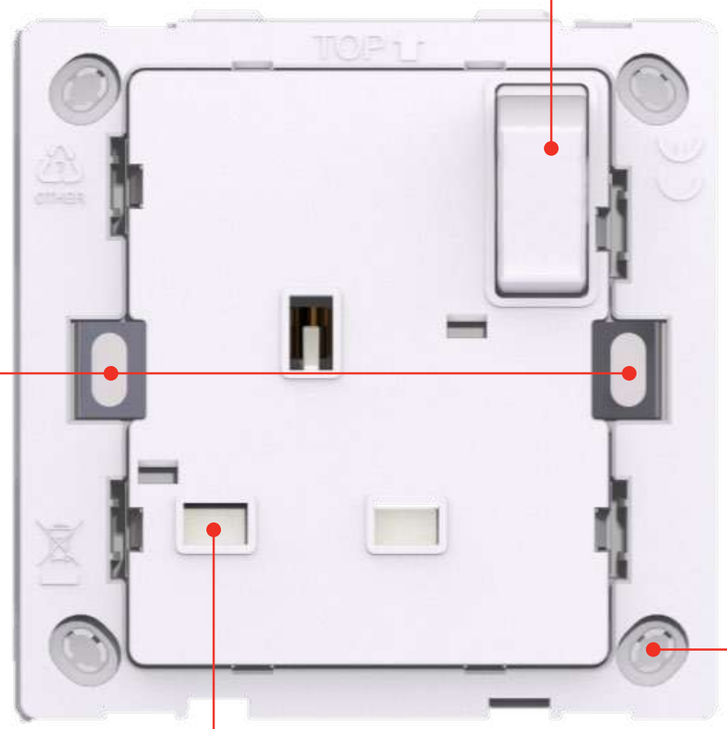

Full Metal Earth Strap

Enhance safety to prevent earth fault

Shielded Arc

Ensure no visible discharge of electricity

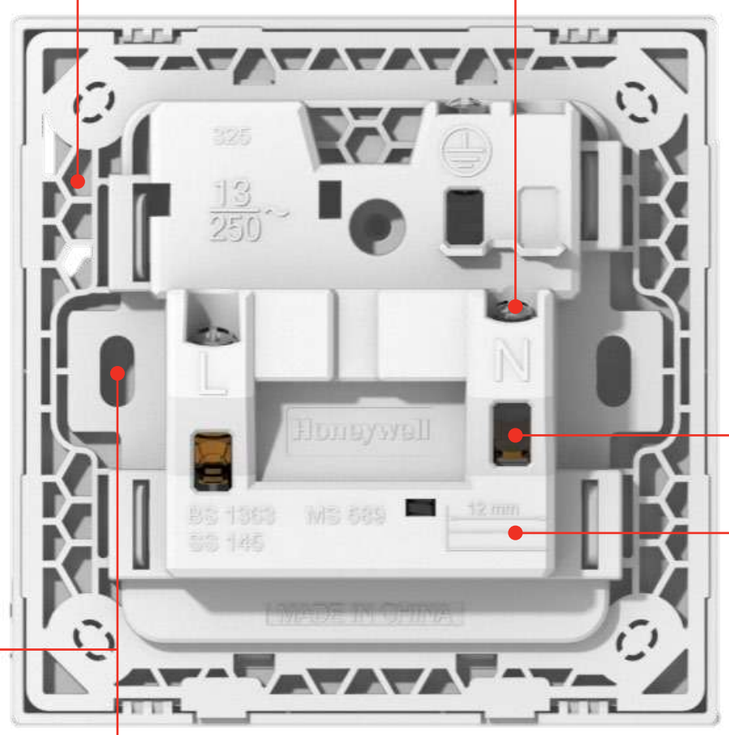

Child Proof Safety Shutter

Isolating safety shutter to prevent children from putting their finger in. It can completely block current

Honeycomb Design

Sturdy & Robust

Non-removable Screws

Ensure that it remain securely fastened, reducing the risk of parts loosening during installations works

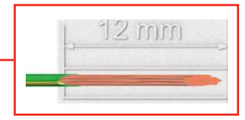

Oblong Shape Holes & 4 Multi Points

Provides flexibility for easy adjustment and angular movement when the screw is not set straight and easily accommodate improperly installed back boxes.

Opened Wiring Terminal

Ensure faster installations time leading to cost saving

Large wiring capacity, able to fit up 2 x 6.0mm² stranded wires

Clear visible Markings for Wiring Strips

Ensuring safe, efficient, and organized electrical installations

SAFETY FIRST

Switches are tested in accordance with IEC 60669
Socket are tested in accordance with BS1363-2 /SS145-2 / MS589-2

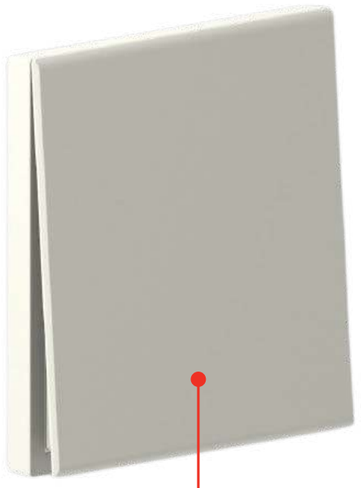

One Piece Shroud with Base

Brass Busbar
Better Conductivity

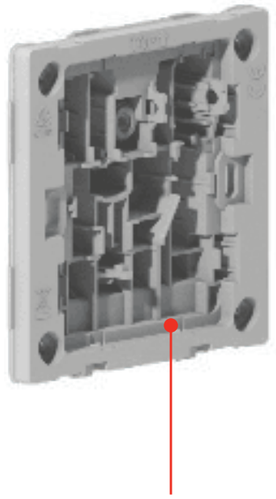

Shutter

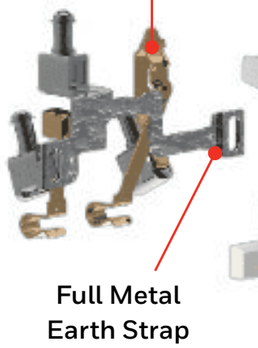

40K Operations

Polycarbornate Integrated One Piece Frameless Rocker

One Piece Shroud with Base

Brass Busbar
Better Conductivity

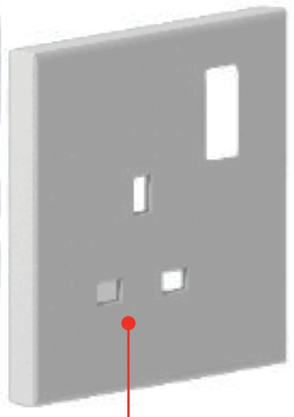

Full Metal Earth Strap

Spring & Shutter
15K Operations

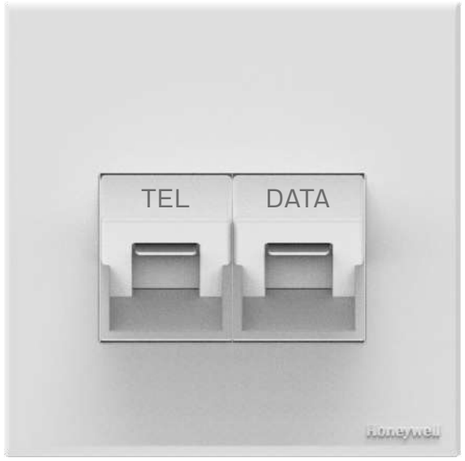

Intermediate Plates
Shielded Arc

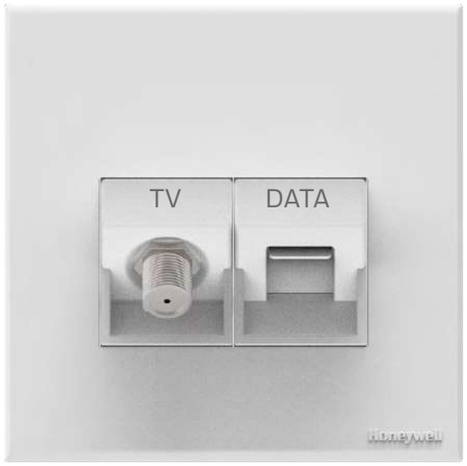

Fire extinguish within 20s in the glow-wire test at 850°C.

EMPOWERING CONNECTIVITY WHERE EVERY CONNECTION COUNTS

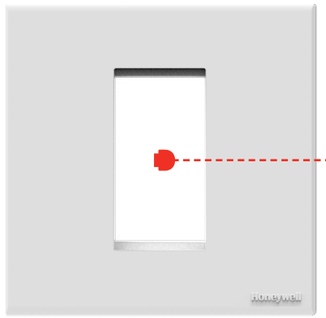

Extending connectivity across every corner of your home with our data socket solutions to provides uninterrupted internet connection yet harmonizing the socket with your home decor.

EURO MODULAR
EXPAND INFINITE POSSIBILITIES

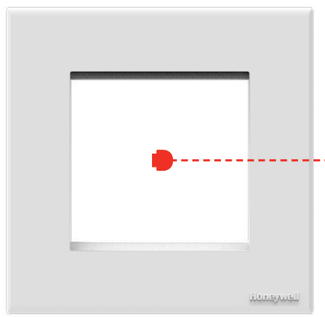

It offers perfect versatility for your every project need. Supplies power, datacom, telephone, multi-media, television and audio combinations.

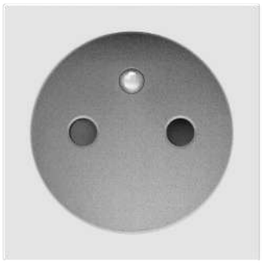

1 Gang 1 Module
25X50 Euro Frame Plate

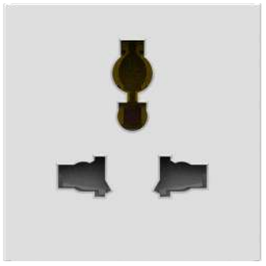

1Module 25x50 Euro RJ45
CAT 6 Data Socket / RJ11
Telephone Socket

1 Gang 2 Module
50X50 Euro Frame Plate

2Module 50x50 Euro 16A French/
Belgium 2P+E Socket Outlet

2Modules 50X50 Euro 16A
International Socket Outlet

RIGOROUS AND SUITABE FOR OUTDOOR USE

GUARDIAN WEATHERSHIELD IP55

Honeywell Elegant Wiring Devices switches & sockets able to fit into MK Guardian Weathershield. It is designed to be used in potentially dangerous areas which heavily exposed to dust and splashing conditions.

First digit defines
Dust Protection

5 Dustproof- protection from dust, sawdust and other small particles

Second digit defines
Water Protection

5 Waterproof- protection from strong jets of water from any direction

Frameless Design

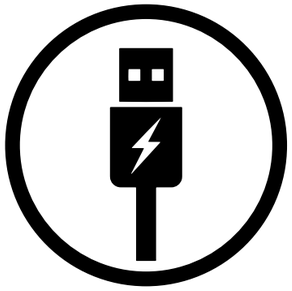

Matte Finishes

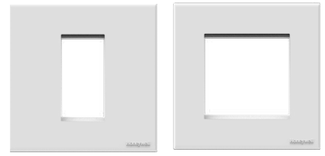

Anti Glare

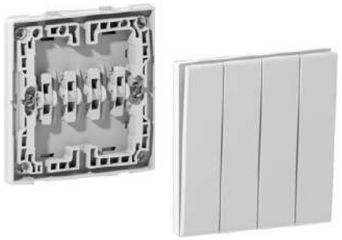

Isolating safety shutter to prevent children from putting their finger in. It can completely block current.

Socket with USB withstand Insulation resistance test to ensure no inadvertent connections between live conductors, and between live conductors and Earth before the installation is energized

Euro Modular Frame to expand functionalities

Rapid Installation with Monobloc rocker up to 4G

Honeycomb design support

Multi points allow for angular movement that will easily accommodate improperly installed back boxes

Polybag suitable for retailing

Compliance with standards IEC / BS/ MS / SS / SNI Standard

RoHS compliance to protect human health and the environment from the harmful effects of certain hazardous substances

Screw terminals are supplied open & ready to wire.

Non removable terminal screws to ensure easy maintenance

Enhanced safety for socket – Full Metal Earth Strap

Visible marking for Wiring Strips
